A highlight of the year was **Dr. David Meredith's Presentation and Exhibit on The Face of Mathematics**. The impressive exhibit is the culmination of several years of preparation and creative endeavor by Dr. Meredith, with the support and vision of Dr. Sauro Camiletti, Dr. Alan Irving, Ms. Shirley Bratscher, Ms. Lynette Richards, Ms. Amy Lee and others. Dr. Meredith's informative presentation brought the exhibit to life for the many in attendance at the Exhibit Opening. The presentation was followed by a wine and cheese celebration and an opportunity to view the exhibit at leisure. Since the Opening on November 20<sup>th</sup>, the exhibit has been on display in the Wemple Student Lounge extension.
