

SOCIOLOGY

Honours Specialization in Sociology

Major in Sociology

Minor in Sociology

Why Choose Our Sociology Program?

Understand the “why” of the world. In the King’s Sociology program, you’ll comprehend and make connections between individual experiences and the broader circumstances of the society in which you live. You will learn why the wider social context matters if we are to understand many contemporary social problems, including addiction, consumerism, global inequality, harm in sport, and poverty. Your degree in Sociology can open the door to a variety of interesting and rewarding careers, including social policy and planning, market research, public administration, and government. With a strong emphasis on research, critical thinking, and practical application, our Sociology program equips you with the skills to make a meaningful impact in a diverse range of careers.

PROGRAM HIGHLIGHTS

1. Interdisciplinary Approach:

Broaden your knowledge through our interdisciplinary approach to Sociology. We combine various aspects of the social sciences to enhance your learning.

2. Research Opportunities:

Learn how to design and conduct research through our hands-on research training.

3. Small Class Sizes:

Benefit from personalized attention and a supportive learning environment.

4. Community Engagement:

Involve yourself in community-based projects.

5. Experiential Learning:

Participate in active learning opportunities both in and outside of classrooms through applied research.

5. Expert Faculty and Mentorship:

Learn from our leading field researchers who are dedicated and committed to teaching, mentoring, and collaborating with students.

The Sociology program at King’s has equipped me with the skills necessary to look at the world analytically, and think about complex problems that are most pressing to our society. The small class sizes have allowed for me to develop strong connections with my professors, and engage in meaningful conversations with my peers. Being part of the Sociology program at King’s isn’t just about academics; it’s about shaping a future where positive change is possible.”

Daniella Clancy, Year 4, honours double major in Sociology and Criminology
