

# PHILOSOPHY

 Honours Specialization in Philosophy

 Certificate in Ecological Justice and Climate Ethics  
(in collaboration with Social Justice and Peace Studies)

 Major in Philosophy

 Minor in Philosophy

## Why Choose Our Philosophy Program?

Do you love exploring the big questions about life, emerging issues affecting society, and what it means to live ethically? The Philosophy program at King's invites you to engage with other seekers, past and present. This isn't just about reading books— it's about developing your ability and passion to think in ways that will guide you in your life and relationships, enable you to hold meaningful conversations, and set you apart in any career. Because philosophical questions are basic to every field, you will learn an interdisciplinary approach to analyze and reflect deeply on any problem, explore connections, and collaborate on finding solutions. At King's, you'll also join a close-knit community where your ideas are valued and your curiosity is encouraged. Our faculty has expertise especially in ethics, social and political thought, and non-Western philosophies. With opportunities for research, engaging in discussions, and studying abroad, King's Philosophy program is designed to help you become a grounded person, a thoughtful leader, and an engaged member of society.

## PROGRAM HIGHLIGHTS

### 1. Interdisciplinary Approach:

Combine your love for philosophy with other interests – from science and politics to literature and art.

### 2. Expert Faculty:

Learn from professors who are passionate about both teaching and groundbreaking research.

### 3. Engaging Community:

Join the Philosophy Club, attend seminars, and participate in lively debates and discussions with fellow students.

### 4. Research Opportunities:

Work on exciting projects and maybe even get published before you graduate.

### 5. Global Perspectives:

Take courses that look at philosophical traditions from around the world and study abroad to expand your horizons.

*Studying Philosophy at King's has been a transformative experience for my academic journey. The most engaging and intellectually stimulating courses I've taken have been in philosophy. The knowledge and skills I've gained here have been foundational and transferable to both my academics and my life. I wholeheartedly recommend Philosophy at King's for its profound impact and intellectual excitement."*

**Braedan Lovie, Year 4, Honours double major in French Language and Literature + Philosophy (The New Liberal Arts/King's Scholar)**

## Career and Pathway Opportunities:

A Philosophy degree from King's opens doors to a variety of exciting careers. The critical thinking, problem-solving, and communication skills you'll develop are highly sought after in many fields:

- **Strategy and Policy Planning:** Work with government agencies, businesses, and community organizations.
- **Technology:** Become an ethics consultant, software developer, data analyst, or work in research and development.
- **Media Relations:** Pursue a career as a communications officer or journalist.
- **Education:** Teach at high schools or universities, or get involved in professional and curriculum development.
- **Law:** Become a lawyer, diplomat, or mediator.
- **Health Care:** Work as a bioethics consultant, researcher, or patient advocate.
- **Social Services:** Engage in social work, activism, or work with government agencies.

Graduates from King's Philosophy are routinely accepted into law school, business school, and philosophy graduate programs. King's philosophy students also have opportunities to build connections with the Centre for the Study of Theory and Criticism at Western University
