Final Exam

Date & Location: Set by Registrar's Office > Check Registrar's website

Covers: Lectures 5-12 & Tutorials 5, 6, 7, 8 & 10

Make-up Exam dates will be posted when they are available

Ensure you read applicable important policies, details, etc., on our class OWL site

Important Course Policies & Guidelines:

1. Use your UWO/Western email account for course-related communication
 - Send and receive emails by the UWO email system so that your information is confidential and secure
 - Also, your non-UWO email may get caught in spam, etc., and may not get a response or review
 - If you use your non-UWO email and miss information, etc., this is not grounds for any appeals
2. To receive your earned grade for this course, you must submit a Canadian Policy Brief
 - As this is an Essay-designated course, you must submit a Canadian Foreign Policy Brief to receive your earned grade for this course
 - As we provide an opportunity for penalty-applied late submission and penalty-applied missed make-up exams, there is significant opportunity to ensure you complete the Canadian Foreign Policy Brief
3. Submission does not constitute a passing grade for an assignment
 - Simply submitting an Assignment does not guarantee a passing grade for that assignment
 - Assignment are graded on quality of the work, not just meeting basic requirements
4. Non-medical and medical accommodation:
 - Students should check out the Policy on Accommodations
<https://www.kings.uwo.ca/current-students/courses-enrolment/exams-and-tests/academic-consideration-requests/>
 - For lectures and tutorials grades: only your best 7 lectures and best 7 tutorials out of 12 lectures and tutorials are considered, respectively, for the lecture grade and tutorial grade (i.e. you can miss 4 lectures and 4 tutorials), so *no further accommodation will be provided*
5. Statement on Use of Electronic Devices
 - Use of electronic devices (namely, a laptop or a desktop) is required for the completion of assignments/papers.
 - Technological requirements:
 - Need to be able to access OWL site, etc., with regular and frequent access
 - Ensure you have stable, reliable Internet access
 - University spaces, such as the libraries, student lounges, etc., have Wifi and hardwired access points for the Internet
 - Students must ensure saving, back-up, storage, etc., of their work
 - There are presently many free services that enable students to back up their work,

- such as Google's Drive, Apple's iCloud, Microsoft's OneDrive and Dropbox's drive
 - Students also have drive space through King's/Western which they can access online at any time
 - There is an expectation that students will be responsible and back up their work frequently to avoid data loss when writing a paper or completing an assignment
 - Because of the availability of Internet, storage, cloud, back-up, etc. services for student's work, explanations such as "my computer crashed", "I don't know where I saved my work", "my file disappeared/is corrupted" will not be accepted as a reason for handing in an assignment late, not completing online tests, etc.
 - No electronics devices are allowed during in-person tests and examinations
 - "All assessments and examinations done online are expected to be done by the student registered in this course"
 - "Recording of lectures or tutorials without the explicit consent of the Professor or TA is grounds for academic discipline"
 - "Course content created by a faculty member is considered the faculty member's intellectual property; it should not be distributed, shared in any public domain, or sold by a student or other third party without prior written consent of the faculty member" and failure to comply accordingly may be grounds for Academic Discipline
6. Reference to Western Scholastic Discipline Policy:
- "Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following Web site:
http://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergr_ad.pdf "
7. Class-specific policy on generative AI:
- "Within this course, generative AI tools such as ChatGPT are permitted exclusively for ... information-gathering and preliminary research purposes or development of an essay outline"
 - "If AI tools are used, students must acknowledge use and state how the tool was used"
 - "All assessments and examinations done online are expected to be done by the student registered in this course"
 - "Unauthorized use of AI will be subject to academic discipline"
 - Use of AI leading to errors, misstatement, structural issues, missing requirements, plagiarism, etc., are not grounds for appeal, i.e. you can't blame the AI for what is ultimately your responsibility and accountability
8. Concerning Turnitin:
- "All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (<http://www.turnitin.com>)."
9. Concerning Remote Proctoring for Tests and Exams:
- Not being used for this course
10. Debarment from Final Examinations:
- "A student may be debarred from writing the final examination for failure to maintain satisfactory academic standing throughout the year"
 - "Any student who, in the opinion of the instructor, is absent too frequently from class or laboratory periods in any course, will be reported to the Dean of the Faculty offering the

- course, after due warning has been given.”
 - “On the recommendation of the department concerned, and with the permission of the Dean of that Faculty, the student will be debarred from taking the regular examination in the course”
11. Multiple-Choice Exam format checking software:
- “Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.”
<https://www.westerncalendar.uwo.ca/academicPolicies.cfm?SelectedCalendar=Live&ArchiveID=>
12. Any Assignment assessed by the Lecturer to be in flagrant, repeated and/or egregious violation of the rules, guidelines, etc., may have a special penalty assessed or assigned a grade of Zero/0
13. Re-Evaluation
- Not allowed to re-write assignments once they have been handed in for marking under normal circumstances, including no re-writing of exams, etc.
 - Ensure you complete the tests and exams in the sitting in which you are designated to attend: you cannot write a test or exam over multiple sittings, etc.
14. Support Services:
- “Students who are in emotional/mental distress should refer to Mental Health@Western <http://www.uwo.ca/uwocom/mentalhealth/> for a complete list of options about how to obtain help.”
15. Respectful conduct and engagement:
- Note conduct should accord with the University of Western Ontario Student Code of Conduct, which can be accessed as a PDF from:
http://studentexperience.uwo.ca/student_experience/studentconduct.html
 - In general, please be respectful of and courteous to yourself, me, and your class colleagues, and others during discussions and other course engagements
 - “All students are expected to engage online in a professional and respectful manner”
 - “This includes all interactions with peers, as well as communication between TAs or your Professor”
 - “Failure to do so will result in academic discipline and/or discipline under the Student Code of Conduct”
16. Significant changes to the Course Outline:
- Significant changes to the Course, Course Outline, etc., after classes start and as appropriate, will be approved by an appropriate King’s administrative officer
 - Announcements of said changes will be made through the class OWL site
17. Ensure you read the rules, details, instructions, etc., as posted on the course OWL site, its various pages, and announcements

Enjoy the class and have a great term!

KING'S UNIVERSITY COLLEGE
GENERAL COURSE POLICIES
2025-2026

1. Academic Accommodations, Consideration for Absences

Academic Accommodation (Accessibility)

Accessibility Services works to ensure that academic programs are accessible to all students, and supports students who may have a condition related to, but not limited to, vision, hearing, mobility, different ways of learning, mental health, chronic illnesses, chronic pain, autism spectrum disorder, ADD/ADHD, and temporary conditions (beyond short-term academic consideration). Accessibility Services provides recommendations for accommodation based on medical documentation or psychological and cognitive assessment. The accommodation policy can be found here [Academic Accommodation for Students with Disabilities](#). Information on Accessibility Services at King's can be found [here](#).

Academic Consideration for Student Absence

If a student is unable to meet a course requirement due to substantial but temporary extenuating circumstances (medical or compassionate), they should follow the procedures below.

In some cases, where instructors have built flexibility into their assessments, this flexibility will already address consideration needs.

Requests for academic consideration should be directed to the Academic Advising Office of your faculty/college of registration. Requests must be made as soon as possible and no later than 48 hours after the missed assessment.

As a rule, documentation is required for academic consideration. For academic consideration requests on medical grounds, the Student Medical Certificate is available at https://www.kings.uwo.ca/kings/assets/File/currentStudents/courses_enrollment/exams_and_tests/SMC-Feb-2025.pdf.

Students are permitted one academic consideration request without supporting documentation per term per course.

Instructors may designate one assessment per half-course weight as requiring formal supporting documentation. Please refer to the course outline for each course.

For further information, please see:

https://uwo.ca/univsec/pdf/academic_policies/appeals/academic_consideration_Sep24.pdf

Absences from Final Examinations

If you miss the Final Exam, contact the Academic Advising Office of your faculty/college of registration as soon as you are able to do so. They will assess your eligibility to write the Special Examination (the name given by the University to a makeup Final Exam).

You may also be eligible to write the Special Exam if you are in a “Multiple Exam Situation” (e.g., more than 2 exams in 23-hour period, or more than 3 exams in a 47-hour period).

If a student fails to write a scheduled Special Examination, the date of the next Special Examination (if granted) normally will be the scheduled date for the final exam the next time this course is offered. The maximum course load for that term will be reduced by the credit of the course(s) for which the final examination has been deferred. See the Academic Calendar for details (under Special Examinations).

Religious Accommodation

Students should consult the University's list of recognized religious holidays, and should give notice in writing to the instructor and Academic Advising Office if a course requirement will be affected by a religious holiday/observance. Notice must be given as early as possible, and no later than two weeks prior to an examination, and one week prior to a midterm test date. It is the responsibility of such students to inform themselves concerning the work done in classes from which they are absent and to take appropriate action.

2. Support Services

3. Statement on Use of Electronic Devices

Use of Electronic Devices: Unless explicitly stated otherwise, you are not allowed to have a cell phone, or any other electronic device, with you during tests or examinations. Unauthorized possession of such a device during a test or examination constitutes an academic offence.

Use of Laptops, Tablets, and Smartphones in the Classroom: King's University College at Western University acknowledges the integration of new technologies and learning methods into the curriculum. The use of electronic devices such as laptop computers, tablets, or smartphones can contribute to student engagement and effective learning. At the same time, King's recognizes that instructors and students share jointly the responsibility to establish and maintain a respectful classroom environment conducive to learning.

The use of electronic devices by students during lectures, seminars, labs, etc., shall be for matters related to the course at hand only. Students found to be using electronic devices for purposes not directly related to the class may be subject to sanctions under the Student Code of Conduct; see <https://www.kings.uwo.ca/current-students/student-affairs/code-of-student-conduct1/>

Inappropriate use of electronics (e.g., laptops, tablets, smartphones) during lectures, seminars, labs, etc., creates a significant disruption. As a consequence, instructors may choose to limit the use of electronic devices in these settings. In addition, in order to provide a safe classroom environment, students attending in-person class sessions are strongly advised to operate laptops with batteries rather than power cords.

4. Statement on Academic Offences

King's is committed to academic integrity. Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, is posted at

http://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf

It is expected that students will submit work that is truly their own, completed without external assistance (human or artificial) except as explicitly permitted by the course instructor. Check with you instructor on what tools, including generative AI (ChatGPT, translation tools, grammarchecking tools) are permitted in the course. Because a tool is permitted in one course, that does not mean it is permitted in other courses.

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system; see <https://elearningtoolkit.uwo.ca/tools/Originality Reports - TurnItIn.html>.

Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.

5. Copyright of Course Material

Lectures and course materials, including PowerPoint presentations, tests, outlines, and similar materials are protected by copyright. Faculty members are the exclusive owner of copyright in those materials they create. Students may take notes and make copies for their own use. Students may not allow others to reproduce or distribute lecture notes and course materials publicly (whether or not a fee is charged) without the express written consent of a faculty member. Unauthorized sharing of class content is subject to academic discipline.

Similarly, students own copyright in their own original papers and exam essays. If a faculty member wishes to post a student's answers or papers on the course website, they should ask for the student's written permission.

6. Use of Recordings

Participants in this course are not permitted to record the sessions, except where recording is an approved accommodation and/or the participant has the prior written permission of the instructor. Unauthorized recording and/or sharing of class content is subject to academic discipline.

7. Policy on Attendance

Any student who, in the opinion of the instructor, is absent too frequently from class or laboratory periods in any course, will be reported to the Dean of the Faculty offering the course, after due warning has been given. On the recommendation of the department concerned, and with the permission of the Dean of that Faculty, the student will be debarred from taking the regular examination in the course.
