3.0 TEXTBOOK

Santrock, J.W., Deater-Deckard, K., & Lansford, J.E. (2024). Child Development, 16th Edition. McGraw Hill.

The textbook is *suggested*. Familiarity with the lectures should be *mostly* sufficient for test preparation. If you do decide to purchase the textbook, it is available from the Western Bookstore:

https://bookstore.uwo.ca/textbook-search?campus=KC&term=W2026A&courses%5B0%5D=570_KC/PSY2040A

The ebook alone is \$69.00

There is also a 'Connect' option that includes the ebook, plus Connect resources (extra study resources, practice quizzes) for \$99.00

Second-hand or older editions are also acceptable.

If you have a copy that you are unsure about, ask Dr. Hessels.

4.0 COURSE OBJECTIVES

By the end of this course, students should have:

- Knowledge of the basic theories and principles of developmental psychology
- Exposure to basic areas of research in developmental psychology
- Developed critical thinking skills
- Understanding of how developmental issues can be identified in everyday experience.

5.0 TESTS AND ASSIGNMENTS SCHEDULE

Evaluative Component	Worth	Deadline
Class Activities/Assignments	3% each (6% total)	TBA during class times
Course Capstone	9%	December 9
Midterm 1 (Makeup: October 23)	25%	October 7
Midterm 2 (Makeup: November 27) <i>Designated Assessment</i>	30%	November 11
Final Exam	30%	December TBD

Please note, Friday Make-Up Exams may only be written with the instructor's consent.

5.1 ACTIVITIES/ASSIGNMENTS

There will be 5 short class activities/assignments. They may involve a quiz, a summarization of the material, participating in discussion, generating questions, critical thought exercises, etc.

All details will be provided during class time.

You will only need to complete 2 of 5.

Note that it's not best 2 out of 5; it is only 2 out of 5. *Submit only 2.*

To complete the assignment, you may be required to attend class.

If you miss an assignment, it will have to count as one of the 3 out of 5 that you can skip.

5.2 COURSE CAPSTONE

The final submitted component of the course will be a small project on a topic chosen by you.

All details will be provided several weeks in advance of the deadline.

5.3 MIDTERMS & FINAL EXAM

The midterms and final exam will be composed of multiple choice and constructed response questions.

The first midterm will cover chapters 1,3,4, the second midterm will cover chapters 5,6,7, and the final exam will cover chapters 8,9,10,11,14,15.

Note that chapter coverage is tentative; all tests will be non-cumulative and will include as much as we've covered in the lectures to that point.

Further details exam will be provided ahead of time.

5.4 POLICY ON MISSED ASSIGNMENTS AND EXAMS

Students are expected to meet the deadline for each of the evaluative components outlined above.

Please see all details for academic consideration here:

https://registrar.uwo.ca/academics/academic_considerations/index.html#cannot

If accommodation is granted for a missed midterm, the remaining components of the evaluation will either be re-weighted based on the other midterms or a makeup exam will be scheduled.

Friday Make-Up Exams may only be written with the instructor's consent.

Note that Midterm 2 is a Designated Assessment meaning you may NOT use an undocumented absence.

If you miss Midterm 2, you will need to submit formal supporting documentation from the Dean's office (see link above).

6.0 CLASS-SPECIFIC POLICY ON GENERATIVE AI

Within this course, use of generative artificial intelligence (AI) tools (such as ChatGPT, Claude, Gemini, co-pilot, translation tools, and grammar-checking tools) is not permitted for written work submitted for evaluation. Unauthorized use of AI will be subject to academic discipline.

7.0 EXTRA NOTES

- **Questions about lecture topics (during and outside of class time) are always welcome!**
- For questions about course details, please look first at this course outline to make sure the answer is not here.
- Missed a class and want to borrow notes? Ask a classmate.
- Class time starts at the scheduled class time. There will be a grace period of 5 minutes. *Please be sitting down and ready to go within that 5 minutes.*
- There will be no extra credit assignments. Please don't ask.
- Do not email asking whether there will be an assignment next class.

7.0 TOPIC SCHEDULE (*tentative*)

Department of Psychology Policies Related to AI Tools

1. Policy on the Use of Generative AI Tools

The Department of Psychology expects that students will submit work that is truly their own, completed without external assistance (human or artificial).

The use of generative AI tools (such as ChatGPT) is not permitted for any submitted coursework unless express permission has been granted by your instructor.

Students **should not have AI tools write any part of their assignments or papers, either by copying and pasting or by paraphrasing the output.** Unauthorized use of AI constitutes an academic offence and will be subject to academic discipline.

Additional information: Students can use AI tools to clarify questions they have about course content (e.g., you can ask ChatGPT about a course concept to help with your understanding), but students should be aware that the response may be inaccurate or inconsistent with the course content. Asking your instructor is a more effective strategy. Students should note that information provided by AI tools such as ChatGPT can include mistakes, inaccuracies, biases, and outdated information. Whenever these tools are used, students should cross-verify the information provided to them. This means verifying that the sources used by AI exist and have been accurately summarized, consulting multiple original and reputable up-to-date sources to verify information, and being cautious of bias that could be present in the information provided.

2. Policy on Use of Translation Tools*

The Department of Psychology views the unapproved use of translation or language applications as an academic offence.

Any usage of translation applications or language generation by students to complete specific assigned work for this course **must be approved** by the instructor **prior** to submitting the work **and noted by the student in the submitted work** itself.

Writing text and then feeding it into a computer application to improve or translate your own words, changing a few words, and then submitting this text as if it was your own **constitutes plagiarism**. You must compose text, choose words, construct logic flow, structure sentences and paragraphs to organize, synthesize, interpret information with your own mind. When you borrow language or ideas from another person or from a machine this must be acknowledged with quotation marks and/or citations.

Why do we have this policy?

- Translation is intellectual work and produces intellectual property, thus any text which is translated must cite the translator.
- Psychology endeavors to advance students' linguistic, analytic, and reasoning competencies – this can not happen outside of specific language competencies.
- Earning a university degree signals that an individual has advanced literacy and communicative skill in the language of instruction at the university; this is English at King's University College at Western University. If translation machines are used by students without regulation, we will have no way of certifying whether these competencies exist and fewer mechanism for encouraging students to do the hard work to develop them.

** Based on the policy developed by the Department of Child and Youth Studies*

**KING'S UNIVERSITY COLLEGE
GENERAL COURSE POLICIES
2026-27**

1. Academic Accommodations (Accessibility)

Accessibility Services works to ensure that academic programs are accessible to all students, and supports students who may have a condition related to, but not limited to, vision, hearing, mobility, different ways of learning, mental health, chronic illnesses, chronic pain, autism spectrum disorder, ADD/ADHD, and temporary conditions (beyond short-term academic consideration). Accessibility Services provides recommendations for accommodation based on medical documentation or psychological and cognitive assessment. The accommodation policy can be found at [Academic Accommodation for Students with Disabilities](#). Information on Accessibility Services at King's can be found [here](#).

2. Academic Consideration for Student Absences

Students must be approved to write a makeup exam or for an extension of the assignment deadline. If you need to miss an exam or the deadline for the assignment, please follow these instructions.

There are two ways to seek academic consideration:

(i) Academic consideration based on medical or compassionate grounds

If a student is unable to meet a course requirement due to substantial but temporary extenuating circumstances (medical or compassionate grounds), they should contact the Academic Advising Office. As a rule, documentation is required for academic consideration.

For academic consideration requests on medical grounds, the Student Medical Certificate (SMC) is the appropriate documentation. The SMC is available at <https://registrar.uwo.ca/academics/pdfs/student-medical-certificate.pdf>

- King's students: The Academic Advising Office website is located in DLH 104. The Academic Advising website is <https://mykings.ca/intranet/app/#/academics/academic-advising>.
- If your home faculty is Huron or at Western, please submit your documentation to your faculty's academic counselling office.
- Requests must be made as soon as possible, and no later than 48 hours after the missed assessment.

You may submit requests for academic consideration through the **Student Absence Portal**, linked on this website: <https://mykings.ca/intranet/app/#/academics/academic-advising/academic-consideration-requests-and-student-absence-portal>.

(ii) Academic consideration through an undocumented absence

Students are permitted one academic consideration request without supporting documentation per term per half-course (0.5) weight.

- Note that instructors may designate one assessment per half-course weight as requiring supporting documentation. Please refer to the course outline to confirm this which assessment has been designated as requiring documentation for consideration (that is, exempt from undocumented absences).
- Undocumented absences can not be used as the basis for academic consideration for December or April exams.

If an instructor has built flexibility into their assessments (e.g., “complete 8 of 10 quizzes”), this flexibility will already address consideration needs and thus academic consideration may be denied.

For further information on the academic consideration policy, please see

https://uwo.ca/univsec/pdf/academic_policies/appeals/academic_consideration_Sep24.pdf

c) Absences from Final Exams

If you miss the Final Exam, **contact your Academic Advising Office** as soon as you are able to do so. They will assess your eligibility to write the “Special Examination” (the name given by the University to a makeup Final Exam).

You may also be eligible to write the Special Exam if you are in a multiple exam situation (i.e., you are scheduled to write more than 2 exams in 23-hour period, or more than 3 exams in a 47-hour period).

If a student fails to write a scheduled Special Examination, the date of the next Special Examination (if granted) normally will be the scheduled date for the final exam the next time this course is offered. The maximum course load for that term will be reduced by the credit of the course(s) for which the final examination has been deferred. See the Academic Calendar for details (under [Special Examinations](#)).

d) Religious Accommodations

Students should consult the University’s list of recognized religious holidays, and should give notice in writing to the instructor and their Academic Advising Office if a course requirement will be affected by a religious holiday/observance. Notice must be given as early as possible, and no later than two weeks prior to an examination, and one week prior to a midterm test date. It is the responsibility of such students to inform themselves concerning the work done in classes from which they are absent and to take appropriate action.

4. Statement on Gender-Based Sexual Violence

King's and Western are committed to reducing incidents of gender-based sexual violence (GBSV) and providing compassionate support to anyone who is going through or has gone through these traumatic events. If you are experiencing or have experienced GBSV (either recently or in the past), you will find information about support services for survivors, including emergency contacts at the following website: [Mental Health and Wellness at King's](#).

You can reach supports at King's by emailing care@kings.uwo.ca or calling 519-930-4640 to reach a Social Worker who can offer help.

You can also reach Western's Gender-Based Violence & Survivor Support Case Manager by email (health@uwo.ca) or by calling 519-661-3568. Additional support services can be found <https://www.uwo.ca/health/gbsv/support/index.html>

5. Statement on Use of Electronic Devices

Use of Electronic Devices: Unless explicitly stated otherwise, you are not allowed to have a cell phone, or any other electronic device, with you during tests or examinations. Unauthorized possession of such a device during a test or examination constitutes an academic offence.

Use of Laptops, Tablets, and Smartphones in the Classroom: King's University College at Western University acknowledges the integration of new technologies and learning methods into the curriculum. The use of electronic devices such as laptop computers, tablets, or smartphones can contribute to student engagement and effective learning. At the same time, King's recognizes that instructors and students share jointly the responsibility to establish and maintain a respectful classroom environment conducive to learning.

The use of electronic devices by students during lectures, seminars, labs, etc., shall be for matters related to the course at hand only. Students found to be using electronic devices for purposes not directly related to the class may be subject to sanctions under the Student Code of Conduct; see https://kings.uwo.ca/sites/2025/assets/files/campus/Kings_Code_of_Student_Conduct.pdf

Inappropriate use of electronics (e.g., laptops, tablets, smartphones) during lectures, seminars, labs, etc., creates a significant disruption. As a consequence, instructors may choose to limit the use of electronic devices in these settings. In addition, in order to provide a safe classroom environment, students attending in-person class sessions are strongly advised to operate laptops with batteries rather than power cords.

6. Statement on Academic Offences

King's is committed to academic integrity. Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, is posted at https://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_offences.pdf

It is expected that students will submit work that is truly their own, completed without external assistance (human or artificial) except as explicitly permitted by the course instructor. **Check with you instructor to**

check which tools, including generative AI (ChatGPT, translation tools, grammar-checking tools) are permitted in each course. Note that although some courses may permit the use of such tools, it does not mean use of such tools is permitted in other courses.

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system; see [https://elearningtoolkit.uwo.ca/tools/OriginalityReports - TurnItIn.html](https://elearningtoolkit.uwo.ca/tools/OriginalityReports-TurnItIn.html).

Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.

7. Copyright of Course Material

Lectures and course materials, including PowerPoint presentations, tests, outlines, and similar materials are protected by copyright. Faculty members are the exclusive owner of copyright in those materials they create. Students may take notes and make copies for their own use. Students may not allow others to reproduce or distribute lecture notes and course materials publicly (whether or not a fee is charged) without the express written consent of a faculty member. Unauthorized sharing of class content is subject to academic discipline.

Similarly, students own copyright in their own original papers and exam essays. If a faculty member wishes to post a student's answers or papers on the course website, they should ask for the student's written permission.

8. Use of Recordings

Participants in this course are not permitted to record the sessions, except where recording is an approved accommodation and/or the participant has the prior written permission of the instructor. Unauthorized recording and/or sharing of class content is subject to academic discipline.

9. Policy on Attendance

Any student who, in the opinion of the instructor, is absent too frequently from class or laboratory periods in any course, will be reported to the Dean of the Faculty offering the course, after due warning has been given. On the recommendation of the department concerned, and with the permission of the Dean of that Faculty, the student will be debarred from taking the regular examination in the course.
