MINUTE TAKER: Cynthia Lessard

R. Ventresca, Chair, called the meeting to order at 2:34 p.m.

He reminded members of the meeting timeframe (2:30–4:30 p.m.), the expectation to speak once for or against a motion, and the importance of avoiding duplication in discussion.

1.0 Land Acknowledgment

R. Duvernoy, offered the land acknowledgment.

2.0 Opening Prayer

Janet Loo provided the opening prayer.

3.0 Minutes of the Meeting of October 22, 2025

Motion: To approve the minutes of the October 22, 2025 meeting as written.

Moved by: Laura Melnyk Gribble and Brian Patton

CARRIED

4.0 Committee Reports

4.1 Educational Policy Committee

Chair Mark Yenson provided a high-level overview of and rationale for the recommendation out of the special meeting of EPC.

Motion: To recommend that KUC's Board of Directors approve the formation of a School of Policy, Law, and Social Change (SPLSC) constituted by the Departments of CYS, DS, History, PIR, and SJPS according to the specific terms outlined in the "Proposal for a School of Policy, Law, and Social Change," excluding reference to restructuring of Academic Advising and the Office of the VPAD and reference to a Program Manager hire.

Moved by: Educational Policy Committee

CARRIED (23 in favour, 4 opposed, 2 abstentions)

Highlights from a 25-minute discussion:

- Members discussed the absence of start-up and personnel costs in the proposal. It was clarified that no new budget request is included, and existing stipends and space allocations would be managed within current resources.
- Concerns were raised about the zero-sum nature of the current financial environment, though it was noted that the proposal may create efficiencies through increased integration and cross-teaching.
- Strong faculty support for the proposal was noted. Members highlighted potential benefits, including sustaining smaller programs, enhancing collaboration, supporting innovative cross-disciplinary programming, improving enrolment management, and strengthening outreach and brand alignment. Potential cost efficiencies, particularly for low-enrolment courses, were also identified.
- Questions regarding governance and representation were addressed, with assurance that current structures would remain, and a hybrid model would preserve program identities. It was confirmed that the proposal does not anticipate staff reductions.
- Some reservations were expressed about impacts on departments outside the proposed school and the need for broader discussions about resourcing and sustainability. Others emphasized the proposal's potential to generate revenue, reduce structural barriers, and support long-term institutional evolution.

4.2 Scholarship and Bursary Committee

Chair J. Gemson provided a high-level overview of and rationale for the recommendation out of the Scholarship and Bursary Committee.

Supplementary information was shared regarding the addition of Information and Communications Technology (ICT) to align with the Analytics and Decision Science program, given its potential to attract students with ICT backgrounds.

Motion: That the Specialist High Skills Major Entrance Award be revised in the Automatic Entrance and Continuing Scholarship policies for both domestic and international fee-paying students to include the SHSM in Information and Communications Technology as an area of concentration that qualifies a student for the award, effective July 1, 2026.

Moved by: Scholarship and Bursary Committee

CARRIED

Highlights from a 5-minute discussion:

- Members sought clarification on the consistency of expanding the award given previous recommendations to reduce other student awards. It was noted that the ICT alignment may generate enrolment beyond the cost of the award.
- Additional clarifications included a correction to the award name, “Specialist High Skills Major.”
- Members noted the limited applicability to specific SHSM streams, and sought explanations regarding funding considerations. It was noted that the award is aligned to non-profit programs.
- Procedural context was provided regarding how SOC proposals are routed for information through EPC and Academic Council.

4.3 Governance and Nominations Committee

Chair M. Yenson presented the report from the Governance and Nominations Committee, thanking P. Wilton for his work on the draft, models, and rules of order, etc.

There was a 5-minute discussion in which A. Meek sought clarification on the draft Meetings Policy. M. Yenson noted that the policy will be referred back to the Governance and Nominations Committee with feedback for further review.

5.0 Reports

5.1 President

R. Ventresca provided an update on upcoming events, highlighting the Feast of Christ the King Lecture, *“Walking Together in the Age of Artificial Intelligence: Relationality, Community, and the Culture of Encounter”*, to be delivered by Dr. Cory Labrecque on Thursday, November 20 at 5:30 p.m.

He also reminded members of the Mass for the Feast of Christ the King on Sunday, November 23 at 10:00 a.m., with the academic procession gathering at 9:30 a.m. All members of the King’s community, including Board members, are invited to participate.

Academic Council was further invited to attend the Student Excellence Awards Ceremony on Sunday, November 23 at 12:00 p.m. in Labatt Hall 105, celebrating student achievements and donor support.

Finally, members were informed of the concluding lecture in the Veritas series, scheduled for February 26, 2026, featuring Dr. Benjamin Muller and Dr. Allyson Larkin on *“Catholic Social Responsibilities to Refugees and Migrants: A Global Research Perspective.”* The lecture aligns with King’s involvement in the international initiative Refugees and Migrants in Our Common Home, led by Villanova University, supporting Pope Francis’ call for universities to advance understanding and action on migration and refugee issues.

Highlights from a 3-minute discussion:

- C. Halberstam asked about the Mission Leadership Initiative. It was noted that the initiative is in early development and is intended for senior administration, inspired by a similar program at St. Joseph's. Its purpose is to deepen understanding of mission language and strengthen integration of mission across the institution, addressing the current lack of shared vocabulary.
- The pilot will include guests from St. Joseph's who will share how their program was developed. The initiative aligns with the strategic plan and may evolve over time, drawing on internal expertise where appropriate.

5.2 Vice-President Academic Dean (Interim)

M. Yenson provided an update from the Vice-President Academic Dean Office, noting the Teaching Excellence Awards and Christopher Perrin Beatty Lecture on Wednesday, November 26th. Dr. Claudia Clausius, Professor Emerita of English, and Dr. Lucas Andersen, part-time instructor in the School of Social Work, will be celebrated as the recipients of the 2025 King's Awards of Excellence in Teaching.

It was reported that student retention results are the strongest on record since internal tracking began in 2005. Year 1–2 retention stands at 86.2% for domestic students, 80% for international students, and 85.3% overall. These rates represent the highest domestic and overall retention levels since tracking began, and one of the highest international retention outcomes, with only 2022–23 to 2023–24 exceeding it.

Highlights from a 5-minute discussion:

- P. Ibbott asked whether students who transfer to Ivey or main campus are considered retained. M. Yenson clarified that the retention metric reflects students who remain at King's, though graduation rates will be tracked within Western's broader cohort system, including students who began at King's.
- R. Duvernoy asked about retention from Years 2–3 and 3–4; this data will be shared with Council.

Motion: That Academic Council recommend to the Board of Directors approval of the Policy on Affirmation of Declarations of Indigenous Citizenship/Membership at King's University College.

Context: M. Yenson reminded members that Dr. Christy Bressette previously presented Western's Indigenous-led policy and King's outlined its intention to align closely with it. The policy was developed by Indigenous leaders and representatives from local First Nations. At King's, the VPAD's role will not involve decision-making; instead, an implementation plan, including workshops for leaders, Chairs, and units across faculty relations, HR, research, and student-facing areas, will ensure consistency and respect. The policy will apply broadly, including to staff, faculty, students, vendors, guest speakers, and contractors, and aligns with Tri-Council expectations.

M. Yenson noted that the appeal process and timelines were drawn from Western's policy and reviewed in advisory committees, typically taking up to three weeks. Any guest speaker or vendor receiving material or intangible benefit must complete the policy, though many local speakers are already known and likely vetted by Western, so new consultation may not be required. Students are not included, as they are not in positions of authority.

Highlights from a 22-minute discussion:

- Members raised concerns about the limited consultation at King's, the need for deeper engagement with Indigenous faculty, staff, students, and especially the Métis community, and the clarity and practicality of several policy sections.
- Questions were raised about potential barriers for volunteers, guest speakers, and contractors, fairness and appeal processes, and alignment with collective agreements.
- Members also noted possible unintended effects on relationships with local Indigenous partners if the policy is applied rigidly.
- The conversation emphasized both the moral imperative of the policy and the need for careful language, trust-building, and continued relational accountability.

A motion to adopt the policy was introduced but ultimately deferred, following a separate motion by Derek Silva (seconded by Liam Kennedy), to allow for broader consultation.

Amended Motion: That approval of the Policy on Affirmation of Declarations of Indigenous Citizenship/Membership at King's University College be deferred until broader consultations take place.

Moved by: D. Silva, L. Kennedy

CARRIED (1 abstention)

6.0 Report from the Chair of Presidential Selection Advisory Committee

P. Tufts reported that the Presidential Selection Advisory Committee completed a rigorous, thorough, and confidential search process. The committee considered a wide pool of qualified candidates, engaged in thoughtful debate, and openly challenged assumptions throughout deliberations. The advisory committee ultimately submitted two ranked candidates to the Board, with overwhelming support for R. Ventresca as the top choice.

The Board undertook its own careful review of the recommendation, engaged in substantial discussion, and asked clarifying questions before voting. The Board ultimately approved R. Ventresca's appointment to a five-year term with overwhelming support.

Chair Tufts thanked Academic Council members who served on the committee—Thomas Tiekue, Felipe Rodrigues, Graham Broad, Braedan Lovie, and Joe Henry—as well as all who participated in the broader consultation process.

Highlights from a 4-minute discussion:

- There was a request that the committee's report be shared, and P. Tufts confirmed that it will be.
- It was noted that past searches included meeting shortlisted candidates. P. Tufts clarified that this is not required in current Board policy, and the decision to run a closed process reflects sector best practices. KBRS advised that open processes can deter candidates, and reduce the diversity of the applicant pool.

- There was a question regarding the role of Academic Council in performance evaluation, and P. Tufts explained that renewal and performance evaluation processes are outlined in existing policies. P. Wilton added that there are defined timelines and consultation points in the executive search policies.

Action:

P. Tufts to circulate committee report.

7.0 The Unanimous Consent Agenda

Motion: To received the reports from the Cardinal Carter Library Committee and the Strategic Enrolment Management Committee.

Moved by: J. Preston, J. Henry

CARRIED

8.0 Items Removed from the Consent Agenda

None.

9.0 New Business

T. Tiekue inquired about whether Academic Council will receive a response from the Board regarding the motion passed in April concerning the hiring policies for the VPAD and Academic Dean. P. Wilton confirmed that the matter is currently with the Board, which will review the feedback and determine whether to recommend the item for Board consideration.

A. Meek asked about the formal process for bringing items forward to Academic Council, noting interest in a self-study of Academic Council. M. Yenson responded that he will take the question to the Governance and Nominating Committee for discussion and will bring the matter back to Academic Council.

10.0 Adjournment

Motion: To adjourn the meeting at 4:13 p.m.

1.0 Call to Order

R. Ventresca, Chair, called the meeting to order at 2:32 p.m.

1.1 Land Acknowledgment

B. Lovie offered a personal land acknowledgment, drawing on Dr. Niigaan Sinclair's teaching that Indigenous Peoples are "And" people; those who hold relationships, responsibilities, and connections at the centre of their worldview.

1.2 Opening Prayer

J. Henry offered the opening prayer, with a special acknowledgment of the Jubilee of Saint Francis.

The Chair welcomed E. Nicolaidis and L. Jackson as new members of Academic Council (Council), along with observers. R. Ventresca noted that the meeting would focus on the budget, with regular business to follow on February 11, 2026. He reminded members that the Planning and Priorities Committee provides budget advice to Council and that Council recommends the annual budget to the Board for approval. Members were asked to hold questions until the end of the presentation and to reference slide numbers when raising them.

2.0 Report of Planning and Priorities Committee

M. Yenson, Committee Chair, thanked C. Rodgers-Rowley for preparing portions of the Committee Report and the advance slide deck to support members in organizing their questions. Mark noted that she would present the budget timeline, which began earlier than in previous years. He highlighted that the Planning and Priorities Committee had to respond to evolving information, including the January 8 PAL allocation (84 instead of 125), which required revised enrolment projections on January 9. He thanked committee members for dedicating 1.5+ days to reviewing the material, as well as the Finance Department and all contributors to the budget process. He emphasized that although the report comes from one committee, it reflects input from several others, including the Cardinal Carter Library Committee, Scholarship and Bursary Committee, Strategic Enrolment Management Committee, and Educational Policy Committee. He added that EPC had approved the Hiring Plan and continues discussions on course planning. Mark then invited C. Rodgers-Rowley to present.

2.1 FY 27 Budget Approval

Motion: That, on the advice of Planning and Priorities Committee, Academic Council recommend the draft 2026–2027 budget for approval by the Board of Directors, including the strategic initiatives as recommended by the committee.

Moved and seconded by the Planning and Priorities Committee

C. Rodgers-Rowley, Director, Institutional Planning and Finance, thanked all contributors to this year's expedited budget process. Carri reported that the Board approved the budget parameters and outlook in November, including a projected deficit over the next four years and a directive to identify savings to achieve a modest surplus by 2029-2030. The budget process began in December, with Budget Unit Heads asked to identify a 7% reduction in their forecasts and to submit strategic initiatives by January 9, 2026. Carri reported that while the cash position has improved since the November forecast, current reserves will only sustain operations in the short term and require careful monitoring. She highlighted on the: revenue variances from FY26 to FY27, noting increases in all but tuition revenue; enrolment projections; a financial summary and strategic initiatives.

R. Ventresca thanked M. Yenson and C. Rodgers-Rowley for their presentations, opened the floor for questions, and suggested starting with clarification questions before moving to questions on the motion. He reminded members not to repeat points to ensure efficient use of time.

Highlights from a 58-minute discussion:

- Carri clarified that the fiscal year begins in May so the 2026 summer enrolments are part of the proposed FY27 budget and the non-allocable line is where department/schools have no control over RRSPs, benefits as they sit in the central budget
- The report identifies funds over five years to advance AI. In response to questions, D. Perreault noted that the funding will support institutional licenses for AI platforms for staff and faculty, and the creation of a committee to guide AI adoption and evaluate effective practices. King's is also collaborating with Western's AI Officer, one of the first such roles in Canada.
- It was noted that prior year meal plan budgets were underestimated and have been adjusted accordingly.
- Carri explained that the projected increase in summer tuition revenue is a conservative estimate based on planned course offerings, expected enrolment from other campuses, anticipated restrictions, and information from Western's forthcoming summer timetable and expected course availability.
 - o In response to a question about compensation for summer overload teaching, M. Yenson explained that MEM's plan to expand to 27 summer courses (up from 16) was reviewed by P&P as part of its budget oversight. Compensation matters are governed by collective agreements and equitable workload issues are matters to be discussed with a Director/Chair. The VPAD's office will provide \$150K to MEM to support delivering the courses in the summer.
- A member requested clarification on two budget items: rising legal costs, which CRR confirmed align with actuals, and reduced Physical Plant casual salaries, which CRR explained reflect current-year security staffing costs.
- The VPAD explained that the increase in outside services in the Academic Dean budget reflects a two-year pilot contract with EAB to support unit managers through micro-research on program innovation and development. This initiative will strengthen King's capacity to assess and respond to growing pressures and inquiries around new program proposals.
- The shuttle service is being discontinued after Western declined to share costs, ridership had dropped since COVID, students can use city transit at Waterloo and Huron with their student card, and sustainability was considered. J. Henry confirmed students with disabilities are not affected, noted that KUCSC, USC, and Western were consulted, and added that Mustang on Demand remains available to for after-hours transportation.
 - o A member asked about course crossflow given open-house messaging; J. Henry responded that impact will need to be reviewed.
- In response to a question about the approach to the Foundation-funded classroom modernization strategic initiative, the VPAD noted that a classroom modernization committee has been in place for several years. The Wemple 147/148 model classroom serves as a proof of concept, and with Foundation support, further modernization will build outward from that starting point.
- It was noted that rather than dedicated Chamber Choir funding, its expenses could fall under Staff Casual Salaries and/or Outside Services. J. Henry confirmed that the Choir

continues to be supported, and added that listening sessions within the parish are underway.

- A member asked whether the salary savings on page 10 relate to not replacing early retirees or non-renewed contracts. The VPAD noted that this wording is descriptive and reflects decisions already made and incorporated into budget.
- In response to a question about evidence linking advertising spending to enrolment, K. Thomson noted that campaign concepts were pre-tested with prospective students and showed increased intention to apply, though actual enrolment will be the key indicator. Ongoing tracking is in place, and current results are the strongest seen in decades. The VPAD added that advertising also supports name recognition in high schools, helping recruitment efforts.
- In response to a question about return on investment on past and current strategic initiatives, M. Yenson noted that Foundation support generated \$10M for priorities such as campus modernization and student support; some initiatives, like residence upgrades, focus on reputation and reducing attrition; and the Marketing initiative measures ROI through recruitment targets, particularly domestic enrolment and conversion.
- It was noted that the Academic Dean's Office had used the Truth and Reconciliation Commission initiatives funds to collaborate across departments through curricular, experiential learning, and course-support activities, and noted additional related initiatives such as the Veritas lecture and a panel on repatriation of Indigenous artifacts.
- A member noted the need for clearer information to support decision-making, including the absence of unit-level salary details provided in past years.
 - o It was noted that salaries were included as a total given that some units are so small that identifying per unit may identify a faculty member's salary.

Friendly Amendment - Motion: That, on the advice of Planning and Priorities Committee, Academic Council recommend the draft 2026–2027 budget for approval by the Board of Directors, including the strategic initiatives as recommended by the committee **“and the recommendation that future budget proposals to Academic Council contain the total discretionary and non-discretionary spending including salaries per unit and a new budget line in each unit for TRC and EDI initiatives. The budget shall be provided to Council members no later than one week prior to council meeting in which budget is on the agenda.”**

Moved by L. Jackson, D. Silva

WITHDRAWN

- A member emphasized that we need to align the budget with King's mission, highlighting difficulty identifying investments in equity and decolonization, and observing that TRC funding appears lower than allocations categorized as miscellaneous. A proposal was made to add a TRC and EDID budget line to each unit. Some members raised concerns about reallocating existing funds, noting that miscellaneous lines currently support related activities. Discussion focused on whether the amendment was substantive and required separate notice. Others argued it was simply a reporting change that supports good governance. As an aside, the Chief Operating Officer noted that Equity Pathways fundraising is underway through the Foundation, though not

reflected as a budget line. The Chair of Planning and Priorities advised considering the main motion first and addressing any amendment separately. R. Ventresca asked the mover and seconder if they were willing to proceed in that order which they both agreed.

- A member raised concerns about student fees, noting the \$45 Friday make-up test fee and the \$75 special exam fee. The Registrar explained that these align with Western's fee structure, which charges \$75 for both and waives fees for religious accommodations. Another member asked whether the changes had been discussed with KUCSC; the VPAD noted that Western's fees are published annually through Senate with student representation, and that adopting these fees would redirect revenue to King's, where many fees remain lower than sector norms.

The Chair re-read the motion and called for a vote

Motion: That, on the advice of Planning and Priorities Committee, Academic Council recommend the draft 2026–2027 budget for approval by the Board of Directors, including the strategic initiatives as recommended by the committee.

Moved and seconded by the Planning and Priorities Committee

CARRIED (3 opposed, 1 abstention)

Returning to the earlier discussion, R. Ventresca agreed to accept a motion from the floor.

Motion: That Academic Council recommends that future budget proposals to Academic Council contain the total discretionary and non-discretionary spending including salaries per unit and a new budget line in each unit for TRC and EDID initiatives. The budget shall be provided to Council Members no later than one week prior to the Council meeting at which the budget is on the agenda.

Moved by L. Jackson, L. Melnyk Gribble

CARRIED (2 opposed, 4 abstentions)

Highlights from an 11-minute discussion

- Members expressed support for adding a TRC budget line, noting its alignment with King's mission.
- Some members cautioned that EDID initiatives often draw on multiple functional lines and suggested that defining a dedicated EDID line could have unintended consequences; a committee review of spending and mission alignment was proposed.
- Another member suggested departments may need guidance on appropriate EDID spending.
- The VPAD supported greater visibility for EDID work but recommended a separate reporting tool to avoid creating silos and to better capture broader program costs.
- From a governance standpoint, the Council Chair asked whether members were open to referring the matter to P&P with clearer direction.
- Acknowledging overlap between EDID activities and existing work—and that TRC needs differ—the mover and seconder agreed to remove EDID from the motion and supported enhanced reporting on both TRC and EDID initiatives.

Amended Motion: That Academic Council recommends that future budget proposals to Academic Council contain the total discretionary and non- discretionary spending including

all salaries per unit and a new budget line in each unit for TRC initiatives. The budge shall be provided to Council Members no later than one week prior to the Council meeting at which budget is on the agenda.

Report of Educational Policy Committee to Academic Council

February 2026

EPC met on January 7, 2026. The following items are presented to Academic Council for information/discussion.

I. Course/Program Proposals (SOC/SUPR-U/ACA)

EPC recommended the following course/program proposals:

1.0 School of Management, Economics, and Math:

- 1.1 That effective September 1, 2026, Statistical Sciences 1023A/B: Statistical Concepts be introduced at King's University College.
- 1.2 That effective September 1, 2026, Statistical Sciences 1024A/B: Introduction to Statistics be revised at King's University College.

2.0 Department of Social Justice and Peace Studies:

- 2.1 That effective September 1st, 2026, the Certificate for Ecological Justice and Climate Ethics be revised to include Social Work 3311A/B, Social Work 3344A/B and Social Work 4475A/B at King's University College.

3.0 Department of Religious Studies

- 3.1 That effective September 1, 2026, the following courses be introduced at King's University College:
 - Islamic Studies 2162A/B: Love, Wine, and Ecstasy: The Poetry of Rumi
 - Islamic Studies 2204F/G: World Religions: Judaism and Islam
 - Islamic Studies 2262F/G: Topics in Islam
 - Islamic Studies 2264F/G: Islamic Thought and Spirituality
 - Islamic Studies 2285F/G: Introduction to Islam
 - Islamic Studies 2501F/G: Islam Today
 - Islamic Studies 2502F/G: Gender in Islam
 - Islamic Studies 2503F/G: Introduction to Islamic Mysticism
 - Islamic Studies 2504F/G: Islam at the Cinema
 - Islamic Studies 2505F/G: Stories and Figures in the Bible and Qur'an
 - Islamic Studies 2506F/G: Understanding Islamic Fundamentalism
 - Islamic Studies 3360F/G: Islam, Justice and Peace
 - Jewish Studies 2168A/B: Angels, Demons and Magic: Jewish Folklore
 - Jewish Studies 2169A/B: Taming the Passions: Sex and Sexuality in Judaism

Jewish Studies 2204F/G: World Religions: Judaism and Islam
Jewish Studies 2213F/G: Prophecy
Jewish Studies 2255F/G: The Biblical Wisdom Literature
Jewish Studies 2260F/G: Topics in Judaism
Jewish Studies 2286F/G: Introduction to Judaism
Jewish Studies 3175F/G: Kabbalah: Jewish Mysticism from Merkavah to Madonna
Jewish Studies 3453F/G: Suffering, Grief & Injustice
Religious Studies 2217F/G: Introduction to Indigenous Philosophy and Religion
Religious Studies 3320F/G: Spiritual and Philosophical Issues in Death, Dying and Bereavement
Religious Studies 3324F/G: Extraordinary Experiences.

4.0 School of Social Work

- 4.1 That effective September 1, 2026, the academic calendar description for Social Work 3320Y be changed to include information about grades and status.
- 4.2 That effective September 1, 2026, the academic calendar description for Social Work 3350A/B be changed to include information about grades and status.
- 4.3 That effective September 1, 2026, the academic calendar description for Social Work 4400 be changed to include information about grades and status.
- 4.4 That effective September 1st, 2026, Social Work 2206A/B anti-requisites be revised at King's University College.

II. Faculty Hiring Plan

The Interim VPAD presented a draft faculty hiring plan for 2026–27 to EPC.

A total of 13 requests were submitted by 8 departments/schools:

- 9 FTTT (6 new, 3 conversions from LTA)
- 4 LTAs (new or extension)

Within the current financial context, only hires deemed critical to program sustainability were recommended. The following metrics were used to inform proposed hires:

1. Enrolment data and projections
2. Full-time complement supporting modular curricula
3. Average number of students taught per faculty
4. Ratio of FT faculty to students in program
5. Course fill rates
6. Contribution to service teaching across disciplines

Recommended Hires:

1. MEM	1 LTA extension (1 year)
2. CYS	1 LTA to FTTT conversion; 1 LTA extension (2 year)
3. PSYCHOLOGY	1 LTA extension (1 year)
4. THANATOLOGY	1 LTA (2 year)
5. SJPS	1 LTA extension (1 year)

Rationale for Proposed Hires:

1. MEM and Psychology LTA extensions are recommended to support specific programmatic needs, modular requirements (MEM: Accounting; PSYCH: Statistics/Methods)
2. CYS currently has 3 LTAs, all due to end in 2026. The current full-time complement in CYS is 3.8. Modular enrolment in 2025 is 464, with further growth anticipated. Ratio of FT faculty to Modular Enrolments is 1:122, making CYS a significant outlier (for comparison, MEM is 1:34; Psychology 1:36; Sociology 1:40). With these hiring recommendations, FT:ME for CYS drops to 1:103. It is hoped that greater cross-teaching and modular integration within the School of Policy, Law, and Social Change will help alleviate some pressures, but the pressures cannot be alleviated by such means alone. Therefore, one LTA to FTTT conversion is recommended along with one LTA extension.
3. Thanatology will have one full-time faculty member teaching next year: without LTA support, percentage of full-course registrations taught by full-time faculty drops to 20%. The recommendation of a 2-year LTA will support program integrity and planning in light of the recent IQAP cyclical review.
4. SJPS: EPC supported an extension of one year on the current LTA to provide needed complement for the program. The need for faculty leave coverage persists and SJPS has a scheduled IQAP review in 2026–27.

EPC voted to endorse this hiring plan.

The hiring plan was subsequently communicated to Finance and to the Planning and Priorities Committee, and incorporated into the budget recommended by Academic Council on January 28.

III. Teaching Assistants

EPC discussed practices in hiring and assigning duties to teaching assistants across departments/schools, including employment of senior undergraduates as TAs. EPC members expressed a desire for more standardized policy on hiring, training, and responsibilities of TAs. The Office of the VPAD will work on developing policy to bring back to EPC.

EPC met again on February 4, 2026. Items for information/decision from this meeting will be brought to the next Academic Council.

Respectfully submitted,

Subject: Introduction of Statistical Sciences 1023A/B: Statistical Concepts

Motion: That effective September 1, 2026, Statistical Sciences 1023A/B: Statistical Concepts be introduced at King's University College.

Rationale: This course is intended for students entering the Humanities and Social Sciences – especially Psychology – at King's University College. It would replace Mathematics 1228A/B at King's, which has served as a prerequisite Mathematics course needed to enroll in Psychology programs at King's, as the King's Psychology department has requested a replacement course, and Statistics 1023A/B course was identified as the preferred replacement from the existing 1000-level category C courses. This is a pre-existing course already offered at main campus, and this proposal is to add it to our roster of courses at King's.

Subject: Revision to the Certificate for Ecological Justice and Climate Ethics at King's University College.

Motion: That effective September 1st, 2026, the Certificate for Ecological Justice and Climate Ethics be revised to include Social Work 3311A/B, Social Work 3344A/B and Social Work 4475A/B at King's University College.

Rationale: We are seeking to incorporate three courses from Social Work that directly align with the academic and career achievements for this certificate. Specifically, these three courses explicitly integrate Indigenous knowledge that addresses both the causes of and responses to climate change.

*please note the addition of Philosophy 2246F/G (and subsequent removal of Philosophy 3244F/G) to the top section of required course options for the Certificate is scheduled to be reviewed for approval by the SOC Committee in January 2026.

Subject: Revision requirements for Social Work 3320Y: Practicum Integration Seminar

Motion: That effective September 1, 2026, the academic calendar description for Social Work 3320Y be changed to include information about grades and status.

Rationale: There have been instances in which students have struggled in advanced-level courses and their professional practicum placements (an accredited requirement of the professional program) when they have been allowed to progress without successfully completing required courses and therefore not having theoretical knowledge on which to build academically or ground their practice with clients in their professional placement. The School of Social Work has attempted to address this by clarifying course requirements for advanced-level courses. Prerequisites alone do not address other specific requirements for progression, related to successful completion of all components of the 3rd and 4th year of the professional program.

The current King's University College-wide Incomplete (INC) policy is insufficient for the School of Social Work, as it only permits a course reduction in the following term and does not address the implications for (dis)continuation in the advanced, or all-year practicum courses. Additionally, students may still register for required courses in the next term, depending on the number of INCs received. This creates significant challenges in meeting the demands of the professional program while managing incomplete coursework from the prior term. It also undermines the program's commitment to community partners regarding students' readiness - both in theory and practice - before entering, and during their practicums.

Social Work 3320Y

PRACTICUM AND INTEGRATION SEMINAR

Course Description

A beginning, structured, practice experience in selected human service agencies which reflects demonstrable competency in professional practice. Bi-weekly seminars focusing on integration of practice issues and theory.

Antirequisite(s)

Antirequisite(s): Social Work 3350B. **Corequisite(s):** Second-term Social Work courses.

Pre or Corequisites

Prerequisite(s): Registration in the third year professional BSW (Honours) program.

Corequisite(s): ~~Second-term Social Work courses.~~ All third year required social work courses.

Extra Information

Extra Information: 2 hour Integration Seminar every other week all year. Practicum in second term Monday, Wednesday and every other Friday.

Impact of INC Grades and WDN Status: Third-year Social Work students who have a 0.5 incomplete (INC) grade or withdrawn (WDN) status in any Fall term courses by the end of the Fall term (December 31) will be ineligible to enter practicum in the following term. This means they will also be ineligible to proceed in Social Work 3320Y. Students with an INC in 0.5 courses or a WDN in any third-year Winter term courses by the end of Winter term (April 30) will not be eligible for Block Placement in the Summer term and will be removed from Social Work 3350B. Students with an INC (incomplete) in 0.5 courses or a WDN (Withdrawal) in any fourth year Fall term course by the end of Fall term will not be eligible to continue in practicum in the Winter term and will be removed from Social Work 4400. Students will be eligible for practicum after outstanding coursework has been submitted and/or WDN courses have been successfully completed. Students will be unable to join practicum partway through a term. They will be required to wait until the next time the course is offered.

Practicum Attempts: If a student has two unsuccessful Practicum interviews in agency settings, in one academic year, this will result in a failure of the Practicum Integration Seminar course. Students are allowed only two attempts at completing their practicum. If a student fails two times at completing their practicum, they will fail the Practicum Integration Seminar course and will not be able to continue in the Social Work program.

Failed Courses and Practicum Eligibility: To maintain academic integrity, Social Work students must successfully pass all courses, and are not permitted to progress should they fail any courses.

Report to: Academic Council
From: Governance and Nominations Committee
Re: Report of February 2026 Meeting
Date: February 3, 2026

The Governance and Nominations Committee met on Monday, February 2, 2026.

Decisions

Mission Integration and Inclusion Committee Terms of Reference

Earlier this academic year, Academic Council referred back to committee the proposed amendments to the terms of reference for Academic Council's Mission Integration and Inclusion Committee. The Mission, Integration, and Inclusion Committee met to consider Council's feedback and drafted further revisions for review by Academic Council's Governance and Nominations Committee. The Governance and Nominations Committee accepted these most recent amendments (appendix 1) and recommends them to Academic Council to recommend to the Board for approval.

Draft Motion: To recommend the proposed amendments to the Mission Integration and Inclusion Committee's Terms of Reference to the Board for approval.

Academic Council Meetings Policy

In November, the Governance and Nominating Committee brought forward a draft meetings policy for feedback from Academic Council. The Committee discussed feedback from Council that viewed reference to making informed choice whether to attend meetings as conflicting with expectations in the bylaw around meeting attendance. The committee revised language in the draft policy to enhance clarity. The committee also lowered the threshold for Council to approve urgent business, from unanimous consent to two-thirds majority for decision items, and from two-thirds majority to majority for information items.

Draft Motion: To approve the draft Academic Council's meetings policy.

Information

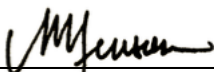

Indigenous Community Member on Council

Consistent with the committee's duty in the Academic Council's bylaw, the Governance and Nominating Committee appointed Tyler Waddilove to a three-year term as the Indigenous Community Member on Academic Council.

Meeting Agenda

Consistent with its duty in Academic Council's bylaw the Governance and Nominating Committee reviewed and approved the agenda for the February 11 Academic Council meeting.

Respectfully,

M. Yenson (Chair)

**MISSION INTEGRATION AND INCLUSION COMMITTEE
OF ACADEMIC COUNCIL
TERMS OF REFERENCE**

Effective Date: February , 2026

Supersedes: September 1, 2024

Date of Next Review:

TERMS OF REFERENCE

The Mission Integration and Inclusion Committee advises and supports the Academic Council, and by extension the President and the Board of Directors, on fulfilling the purpose of King's, which is to operate a Roman Catholic co-educational liberal arts university college affiliated with Western University and St. Peter's Seminary which is dedicated to academic teaching, research and the education of the whole person intellectually, morally, physically, spiritually and aesthetically, as set out in the General By-Law Number 3A of the Board of Directors.

Areas of responsibility

Promote King's as a Catholic liberal arts institution

- Promote the integration of King's mission into the educational policies and life of King's students, faculty, staff and senior administrators.
- Provide ongoing mission-related orientation to members of Academic Council, and to the broader King's community.
- Develop resources and networks that support and sustain the mission of King's.
- Provide meaningful opportunities for the King's community to learn about and engage with the Catholic intellectual tradition, and the mission of King's as a Catholic University.
- Develop and promote opportunities to celebrate feast days and to observe the liturgical season in creative ways.
- ~~Ensure committee members understand the Ordinances issued by the Canadian Conference of Catholic Bishops in view of the Apostolic Constitution, as cited in the following link *Ex Corde Ecclesiae*.~~

Equity, diversity, ~~and~~ inclusion, and decolonization

- With a focus on King's as a Catholic liberal arts institution, promote strategic institutional commitments to Indigenization, ~~and~~ decolonization, truth and reconciliation grounded in the Truth and Reconciliation Commission's Calls to Action, and equity, diversity and inclusion within educational and research programs, and among Academic Council members.
- Develop and promote ecumenically sensitive and inclusive celebrations of College-Wide events.
- Advise ~~Office of Equity, Diversity, Inclusion and Decolonization and Campus Ministry~~ the President's Office in consultation with other members of the College on an annual lecture series that is inspired by a critical engagement with the diversity of Catholic thought and the dialogue of faith and culture teaching.

Orientation

- ~~Take part in the orientation~~ Advise on the development of resources for orientation of new faculty and staff hires to the mission, vision and values of King's, including the core values of equity, diversity and inclusion.

COMPOSITION

Voting

- ~~Two~~ Three faculty members elected by the faculty, at least one of whom is a member of Academic Council;
- One Professional Officer as elected by Academic Council
- One Non-Academic Staff Member as elected by Academic Council
- One student appointed by Students' Council.

Ex officio (voting):

- President
- Campus Minister
- Vice-President, Student Affairs (KUCSC)
- ~~Director, Office of Equity, Diversity, Inclusion and Decolonization (or designate)~~
- ~~Director, Campus Ministry (or designate)~~

Ex officio (non-voting resource persons):

- Vice-President and Academic Dean (or designate)
- ~~Dean of Students~~ and Campus Life (or designate)

Chair:

The Chair of the Committee shall be elected by members of the Committee from among the faculty members.

Terms:

The terms of faculty members professional officers, and non-academic staff shall be three years renewable. One-, two-, and three- year appointments will be used upon the initial election of the committee to create a staggered term for the elected members. The terms of all students shall be one -year renewable,

GENERAL PROCESS FOR COMMITTEES

The Committee shall develop an annual work plan for approval by Academic Council.

The Committee shall determine the frequency of meetings required to achieve its annual work plan. However, the Committee must meet at least once in the fall semester and once in the winter semester.

The Chair of the Committee shall report as required to the Academic Council, or to the Board if requested, either individually or through the President.

The Committee shall conduct an annual self-evaluation as developed by the Governance and Nominating Committee for all Academic Council committees, and report results to its members for their review.

Quorum:

50 percent of voting members from September.

Non-voting ex officio resource persons shall not be counted towards quorum.

Draft Academic Council Meetings Policy

Relevant Policy Linkages: King's Bylaw, King's Academic Council Bylaw and Bourinot's Rules of Order.

Policy Statement (Intent and Scope)

The following rules and procedures are based on fundamental academic governance principles including:

- 1) The right of the majority to decide;
- 2) The right of a minority to be heard, it being agreed that this right requires not only special protection but also practical limitations;
- 3) The right of absentees to be protected from significant deviation from agreed procedures and announced proceedings;
- 4) The right of Academic Council members to be informed before deciding issues;
- 5) Providing for efficacious and efficient deliberation and decision;
- 6) That these procedures are a means, not an end; and the Chair, with the support of Academic Council, should not permit them to be used to create a nuisance or unnecessarily delay proceedings;
- 7) Substantive motions should be handled with considerable formality, but whenever possible the Chair should try to deal with procedures according to general agreement.

General

Notices of motion, Committee reports and all other materials for consideration by Academic Council must be submitted to the University Secretariat in accordance with required timelines. Whenever possible, new matters should be considered at the next Academic Council meeting, providing the appropriate notice to members.

New Business

Each agenda will include an agenda item called "New Business". During this item, Academic Council may raise issues within Academic Council's authority to add to the next meeting's agenda. The item will be referred to the appropriate Academic Council committee for discussion with a report returning to Academic Council from the appropriate committee at the next meeting.

Notice of Motion

Academic Council operates under Bourinot's Rules of Order. Bourinot's Rules of Order urge notice of substantive motions so that Academic Council members may:

- 1) Make an informed choice ~~whether to attend~~ on meeting attendances;
- 2) Have the opportunity to be informed on an issue before making a decision.

Academic Council's General Practice regarding notice of motions is that for any new substantive motion:

- 1) Notice of motion will be provided by the mover and seconder during the New Business agenda item during a meeting;
- 2) The draft motion will be referred to the appropriate committee by the Secretary for discussion with a report being provided to Council on the item at the next Academic Council meeting.

Business Arising

A Business Arising from the Previous Minutes agenda item will follow adoption of the previous meeting(s) minutes. This agenda item is used for motions for which notice was given at a previous meeting.

Motions

- 1) All motions concerning substantive matters shall be published with the agenda;
- 2) The chair may order that any amendments to such motions in a meeting to be submitted in writing;
- 3) All motions must be stated clearly by the Chair or Secretary before debate thereon may commence.

Amendments

- 1) A motion may be amended by adding, deleting, or substituting words, phrases or paragraphs even to the extent of substituting entirely different motion provided it relates to the subject matter of the original motion.

Matters of Urgency

Matters of urgency arising after the Governance and Nominating Committee (GNC) has approved the Academic Council agenda may ~~only~~ be introduced ~~brought before that meeting unless, in the opinion of~~ if the Chair determines that the matter could not reasonably have been known in advance, they fall within Academic Council's authority and are of sufficient urgency and importance to require immediate attention, using one of the following special procedures:

- 1) Urgent information items may be added to the agenda with ~~that fall within Academic Council's authorities require~~ majority consent ~~two-thirds approval~~ of voting members present ~~and voting in order to be added to the meeting agenda;~~
- 2) Urgent items for decision ~~that fall with Academic Council's authorities require~~ unanimous ~~if two-thirds~~ of voting members ~~those~~ present approve adding it to the agenda ~~and voting in order to be considered at the meeting.;~~
- 3) The Chair shall then propose where such matters shall appear on the agenda

Questions

Questions and Issues for Discussion may be submitted outside of meetings to the GNC through the Secretary.

- 1) GNC will determine whether to route the question or issue to Academic Council, or one of its committees, or redirect it to an appropriate unit on campus for a response.
- 2) The GNC Chair will submit a report to Academic Council detailing all questions and issues received, the decision of GNC in respect of routing each question or issue, a brief explanation as to why a question or issue was not routed to Academic Council (where applicable), and information on the unit to which a question or issue was redirected for response (where applicable). GNC has reviewed the questions and considered whether the submitted questions fall within the scope of Academic Council's mandate. If the questions do not fall within Academic Council's mandate, the Committee has determined the most appropriate unit or office on campus to which the questions can be redirected for an accurate and informed response.

RE: President's Report to Academic Council - February 2026

Dear Colleagues,

The following are some noteworthy developments since my last report to Academic Council in November.

Mission Sustainability Update:

On January 22nd, senior administration had the privilege of welcoming Richard Corneil, CEO of the St. Joseph's Health Care Society, and Roy Butler, President and CEO of St. Joseph's Health Care London. They shared a practical and accessible framework for understanding and approaching mission-based work in complex organizational environments, where competing priorities, pressures, and perspectives often intersect. Their insights highlighted strategies for aligning day-to-day decisions with organizational mission, fostering collaboration across diverse teams, and maintaining focus on purpose even in challenging circumstances.

The session sparked thoughtful discussion among our leadership team about how these principles can be applied at King's. Building on this foundation, we will be developing our own mission leadership training program, designed to equip leaders across the university with tools and strategies to navigate complexity, strengthen alignment with King's mission, and inspire teams to achieve meaningful impact. This initiative represents an important step in cultivating a shared understanding of mission-driven leadership and ensuring that our decisions and actions consistently reflect the values and priorities of our community.

New Public Website and Employee Intranet:

I want to take a moment to sincerely thank all those involved in developing and launching King's new public website and myKing's intranet. This launch represents not just a technical update, but a meaningful improvement in how our community accesses information and connects with King's. I know it required careful planning, long hours, and attention to detail, and I'm deeply grateful for the commitment brought to this project. Thank you again for your creativity, problem-solving, and perseverance. We also recognize that this work is iterative, shaped by ongoing consultation and refinement over time.

Recruitment and Conversion Efforts:

I also want to take a moment to highlight the Recruitment team, who continue their work engaging prospective students through high school visits, guest lectures, and customized on-

campus school visits. Thank you to the following faculty and departments for their support of on campus fall programming:

- Strathroy District Collegiate Institute SHSM Day (September):
Allyson Meek, Liam Kennedy
- TVDSB/LDCSB “Student for a Day” programming (November):
Disability Studies, MEM, Criminology, Child and Youth Studies, Psychology, PIR,
Analytics and Decision Sciences, SJPS, History

Thank you as well to the following faculty members who supported our recruitment efforts by travelling with the recruitment team to the Ontario Universities Fair and King’s lectures at high schools: Felipe Rodrigues, Natalia Bezmaternykh, Joseph Turnbull, Allyson Larkin, Dustin Ciufo, Liam Kennedy.

As our focus now turns toward turning qualified applicants into admissions, we encourage faculty engagement at the upcoming Open House on Saturday, March 28th, from 10:00 a.m. to 3:00 p.m. Your unit’s participation in welcoming prospective students and sharing your expertise is a vital part of our recruitment efforts.

This work is closely tied to our new **Find Your Crown** campaign, which strengthens King’s brand recognition while inspiring students to envision their future here, and our capital development campaign, aimed at modernizing our campus and residence spaces. By combining engaging outreach with meaningful on-campus spaces and experiences, we create opportunities for students to connect with King’s in ways that are memorable and impactful. It’s inspiring to see the energy, creativity, and commitment the Recruitment, Marketing, and Communications teams, staff, and faculty bring to this work, helping prospective students truly experience what it means to find their crown at King’s.

London’s 20 Under 40

I am proud to share that three King’s alumni were recently recognized as part of **London Inc. Magazine’s Top 20 Under 40** program, which celebrates dynamic young Londoners who are achieving professional success while making meaningful contributions to their communities. Congratulations to **Robert Bierbaum**, Chief Executive Officer of Old Oak Properties Inc.; **Sandra Kostrubiec**, Portfolio Manager with TD Private Investment Counsel; and **Peter Markvoort**, Registered Social Worker and Psychotherapist. Honours such as these not only recognize individual achievement but also serve as powerful inspiration for our current students and fellow alumni.

Update from the Board

In January, the Board’s Governance Committee considered Academic Council’s motion from April 2025 asking the Board to reconsider Council’s input on executive search policies particularly for the Vice-President and Academic Dean position. After thoughtful consideration of Council’s request, the Governance Committee decided not to reopen the policies. The Board

received this information at its January meeting and passed a motion to commence a selection process for a permanent Vice-President and Academic Dean. This process should commence in the coming weeks with the goal of having a permanent appointment in place by July 1.

Upcoming Events

I am also pleased to invite you to the following mission related events:

Winter Community Assembly, February 18th, 11-1pm a time for us to gather, reconnect, and learn more about our approach to mission sustainability. A light lunch will be served.

To help us plan for a well-organized and engaging event, please [register](#) by **Monday, February 9, 2026**.

As always, I welcome your questions, ideas, and reflections. Your perspectives continue to be an essential part of these conversations.

Veritas Lecture Series, Final Lecture of the Season

February 26, 2026, 5:30 pm | Joanne and Peter Kenny Theatre

Our final Veritas lecture of the year features King's own Dr. Benjamin Muller and Dr. Allyson Larkin, who will share their insights on:

Catholic Social Responsibilities to Refugees and Migrants: A Global Research Perspective

Guests are invited to make a voluntary donation to St. Joe's Café as part of the evening.

VPAD Report to Academic Council
February 2026

Enrolment Update

Enrolment data as of February 2 is appended to this report, and will be presented by T. Gray, Registrar, in Academic Council.

As was reported as part of the budget report from Planning and Priorities Committee, King's allocation of provincial attestation letters (PALs) next year is 84, down from 125 in the current year. International enrolment projections for the coming year have been adjusted accordingly.

Cyclical Review of Undergraduate Programs

The final assessment report for **Thanatology** was recommended by SUPR-U and ACA to Western Senate, and approved on November 14, 2025, with an assessment of "Good Quality with Report in Two Years."

The final assessment report (FAR) is available on p. 120 *f.* of the Senate agenda for November 14:

<https://uwo.ca/univsec/pdf/senate/minutes/2025/a25nov14sen.pdf>

From the summary assessment:

The program has extremely dedicated faculty and staff who centre student learning. Students overwhelmingly indicate that they value the Thanatology program and would choose to receive this unique education again if they had the decision to repeat. The small class sizes and student-centred approach make the Thanatology program very attractive to students alongside the unique course offerings and knowledgeable, compassionate faculty.

The external reviewers' report for **Disability Studies** has been submitted and is being reviewed.

The self-study and accompanying materials for **History** and **Human Rights Studies** has been submitted to the Vice-Provost (Academic Programs) and Office of Academic Quality and Enhancement.

New Programs

The **Certificate in Religious and Cultural Diversity** put forward by the Department of Religious Studies has been recommended by SUPR-U and ACA to Western Senate, and will go forward for approval February 13.

Academic Offence Report

The Office of the Vice-Provost (Academic Programs) has compiled its annual report on academic offences across Western faculties and programs, to be presented to Senate February 13. The published report is not available at the time of submission of this report to Academic Council; the report will be addressed in oral remarks at Academic Council.

Cardinal Carter Library

We bid farewell to Director of Libraries Adrienne Co-Dyre in December, with thanks for her leadership and service to the Cardinal Carter library, St. Peter's Library, and King's. The Office of the VPAD is currently reviewing library structure and operations to ensure continued excellence in library services at King's.

Draft Policy on Affirmation of Declarations of Indigenous Citizenship/Membership

Based on feedback from Academic Council in November, the draft policy was shared with all faculty for consultation and feedback. The Office of Indigenous Initiatives and Indigenous Student Centre have offered to assist with contacting Indigenous students at King's for feedback. A community consultation session, with Christy Bressette and Paula Hedgepeth from the Office of Indigenous Initiatives, is planned for March (date to be determined).

Respectfully submitted,

Mark Yenson
Interim Vice President and Academic Dean

**Report of the Faculty Leave Committee
to King's University College Academic Council
on February 11, 2026**

COMMITTEE MEMBERS

Chair (Vice President & Academic Dean)	Mark Ventresca
Faculty member	Don Kerr
Faculty member	Ben Muller
Faculty member	Coby Dowdell

King's Faculty Leave Committee met on November 3, 2025, to consider applications for sabbatical leave for the 2026-2027 academic year. A total of six (6) twelve-month sabbatical leaves, and six (6) six-month sabbatical leaves were approved.

Respectfully submitted,

Mark Yenson, Chair – King's Faculty Leave Committee

Report to: Academic Council

From: Mission Integration and Inclusion Committee (MII)

Date: February 4, 2026

Summary from the December 2, 2025 meeting.

Action Items	Recommendations/Discussion	Action(s) taken
Election of Chair for MII Committee	Allyson Larkin was nominated for the Chair position as one of the three faculty members serving on this committee.	Allyson Larkin will serve as Chair for the MII committee for 2025-2026.
MII Committee TOR discussion and proposed revisions.	<p>The Committee disused the role of the XCE (Ex Corda Ecclesiae) as a foundational document for understanding the Mission of a Catholic university.</p> <p>The ordinances from XCE are seen by some as dated and written pre-TRC. The discussion explored whether the Ordinances should remain part of the TOR for this committee.</p> <p>It was decided that the Ordinances are a core component of XCE and even if they are dated, and to provide transparency, they will remain in the TOR.</p> <p>Along with other recommended revisions, the TOR will be revised and amended to include language that acknowledges the TRC Calls to Action and DEI principles.</p>	TOR were referred to Mark Yenson for revisions and amendments.
Veritas Lecture Series, 2026-2027	<p>The committee discussed potential themes to guide the selection of speakers for the upcoming academic year.</p> <p>Committee members were asked to submit names for the President's Lecture on Indigenous Identity, the Christ the King Lecture and the winter edition of the Veritas Lecture series.</p>	Ann Hoffer will collect the names that are submitted and the committee will select nominees for each lecture at the January meeting.

Action Items	Recommendations/Discussion	Action(s) taken
President's Vision for Mission Integration and Inclusion	<p>Rob Ventresca presented his ideas that will guide and direct Mission Integration and Inclusion initiatives at King's. Drawing on work from Boston College, Jim Heft and other scholars of the Catholic Intellectual Tradition, he identified four pillars that will create a framework for upcoming projects:</p> <ul style="list-style-type: none"> • Dignity of the Human Person: Mission aligned planning and budgeting. • Financial Impact and Student Experience: Identifying revenue opportunities that enhance student experience. • Person-Centred Solutions: Prioritizing strategic resource allocation over blanket policies. • Mission by all and for all: Advancing equity, diversity and inclusion through subsidiarity. 	A work study student will gather resources from other Catholic universities to create a resource data base for future MII planning and King's resource development.
Campus Ministry	The committee discussed the importance of recognizing religious holidays on campus. Janet Loo spoke to how Campus Ministry has typically organized religious holiday recognition and celebrations.	The committee will follow up on creating a resource that organizes all religious holidays.

Summary from the January 23, 2026 meeting.

Action Items	Recommendation/Discussion	Actions Taken
Amendments and revisions to the MII TOR.	<p>The clause requiring members to "understand ordinances" was removed. The foundational ecclesial documents were identified as the guiding reference.</p> <p>Language was revised to focus on outward-facing actions (e.g., promote integration, develop resources) rather than inward-facing understanding.</p> <p>DEI language was refined to emphasize integration of Calls to Action.</p> <p>Clarified the committee's advisory role to the President's Office rather than Ministry.</p> <p>Revised language to reflect advising on the development of resources and orientation materials.</p> <p>Membership updates:</p> <ul style="list-style-type: none"> • Three faculty members confirmed. • Removal of EDI designation. • Student representation clarified as VPSA and one student appointed by Students' Council. 	The committee approved these revisions and moved to send the TOR to the Governance and Nominations Committee.

Action Items	Recommendation/Discussion	Actions Taken
President's Veritas Lecture on Indigenous Identity	<p>President's Lecture</p> <p>Suggested speakers for the President's Lecture included:</p> <ul style="list-style-type: none"> • Tanya Talaga (author, focus on identity, connections with OII) • Jesse Wentz (mental health, accessibility, social work) • Maria Lucas (Indigenous rights, land and extraction) • Michelle Good (author, focus on Indigenous communities) • Duncan McCue (storytelling, journalism and Indigenous reporting) • Elle Harris (youth representative, focus on advocacy for Indigenous women and vulnerable people) - Jody Wilson-Raybould was removed from consideration due to her publicized health concerns. - Julian Paparella was removed from consideration and will be considered for other lectures and speaking engagements. 	<p>A poll was taken and the top three ranked candidates were: (1) Tanya Talaga; (2) Jesse Wentz; (3) Michelle Good.</p> <p>The President's Office will initiate the process of extending an invitation to Tanya Talaga.</p> <p>The remaining speakers for the Christ the King lecture and Winter Lecture will be discussed at the March MII meeting.</p>
Campus Ministry/Student Life	<p>Building inter-campus and community relationships: There will be a dialogue that will take place with parish partners, listening sessions to survey what the community would like to see from Campus Ministry initiatives.</p> <p>Peace Camp: The Office of Student Experience and Campus Ministry are exploring opportunities with the Jewish and Muslim communities in London to try to re-launch the summer Peace Camp. Campus Ministry has been advertising for a part-time position that would support this initiative. They have been unsuccessful in securing an appropriate candidate.</p> <p>Retreats & Formation: There is a desire among students for an annual retreat or formation event. The success of past Ignatius Centre retreats, where both faculty and students participated, was noted, however this centre closure was closed last year. Campus Ministry will continue to look for new venues and to seek resources to organize a retreat.</p>	<p>Updates from Campus Ministry on these initiatives will be presented at the March meeting.</p>

Action Items	Recommendation/Discussion	Actions Taken
	<p>Newman Club, UWO: Newman Student Association is thriving on main campus. Several activities are taking place with students:</p> <ul style="list-style-type: none"> • Weekly events at Main campus on Mondays. • Spiritual discussions, adoration, and encounter nights. • Sunday liturgical support through Ministry. <p>Campus Ministry is seeking opportunities to partner with the Newman Club and to promote King's as a hub for Catholic spiritual activities.</p>

Strategic Enrolment Management Committee
Report to Academic Council
February 3, 2026

Subcommittees of the Strategic Enrolment Management Committee (Attraction, Conversion, and Retention) continue to refine their work to contribute to a strategic enrolment management plan for the coming year.

The SEM Committee convened on November 19, 2025, for a special meeting. Felipe Rodrigues presented the Five-Year Modeling Performance Tracking Tool, which projects future registration and application trends for King's using time-series analysis and simulation techniques. The presentation highlighted how statistically coherent patterns can emerge despite variability and emphasized that the model is a live document that can be updated as new data or assumptions change. The team also explained the two-stage regression approach used to estimate applications and conversion rates, discussed standard error and slope values, and demonstrated how marketing interventions—particularly media-buy strategies—positively influence intent to apply and application outcomes.

The committee then discussed the media-buying strategy, detailing how the approach aligns with King's recruitment goals, particularly in international markets. The presentation outlined key regional considerations, media-mix decisions, and variables influencing international student behavior, and demonstrated how the strategy supports application growth and feeds into the broader modeling framework.

A Strategic Enrolment Management timeline has been developed, with the goal of presenting the final SEM Plan to the Board of Directors in February 2026. A presentation on strategic enrolment planning to the King's community will be held in March.
